

## Design your own chocolate bar

Imagine that during lockdown **Cadbury's** have asked you to invent a new chocolate bar that they will create. Think about what type it will be- white, milk or dark chocolate, what flavours/fillings it could have, e.g. orange, mint, strawberry, caramel, nougat, nuts, etc. Draw a picture of the chocolate bar in the box below and add labels to show the flavours/ingredients.

Next week's task will be to create a wrapper for your chocolate bar so get thinking of a name!
