

Hello again,

Thank you so much for all the wonderful things you are sending us. This week we have received lots of family handprints which we have printed off and displayed in our cloakroom and they look amazing.

Also a shout out to Lyla, Mae, Louisa, Faith, Jacob, Lexi, Lola, Ayla, Grace & Elise for your emails and lovely photos - Keep up all the wonderful work and activities you are doing.

As a school we are creating a Hope Garden of colourful stones outside of our school (see more information on the website) Please take part in this as it will look brilliant and is a real sign of community spirit. Decorate a stone brightly and bring it to school when we return or drop it down on your daily walk.

This is the just the beginning of it!

Are you ready for new challenge task?

I wanted to share this quote.....

Like the rainbow and handprint crafts we made lets make some different flower crafts to remind us how we are all unique but when together we can do great things and be beautiful.

Make them and either email me them or bring them back to school when we return as we are going to make a display with rec and y2. Lets see if y1 can have the most!

Here are some flower craft ideas....

Remember you can send me your pictures of what you have been up to.
