

Reception children and parents,

I hope you and all your families are continuing to keep safe and well. It has been lovely to receive so many emails this week. A shout out to Connie and Evie for learning to ride their bike without stabilizers! Well done to Braydon for his fantastic handwriting and to Alex and Finley-Joe for their super work. Alan has made a fantastic clock to help him tell the time too!

Here are some pictures of some of the brilliant things you have been up to this week. You are all making me very proud!

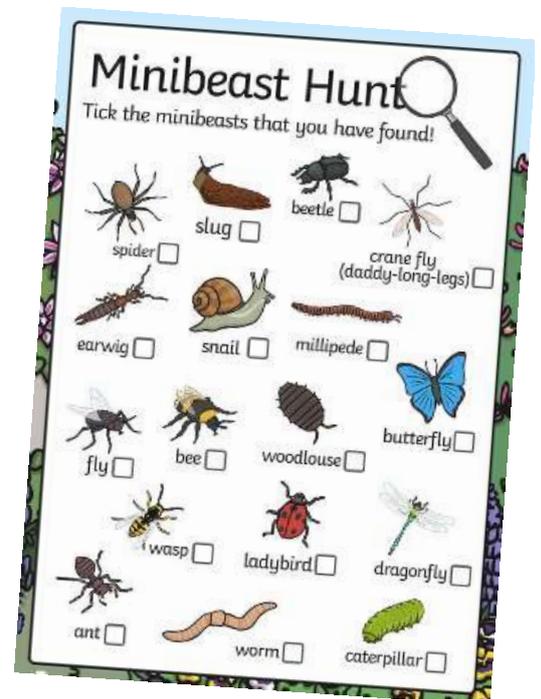

EVERY DAY IS AN ADVENTURE

This week we are going to be adventurous. So, here are some things you can have a go at this week:

Minibeast Hunt

Can you find....

- A worm after a spring shower
- A bumblebee looking for nectar
- A spotty ladybird exploring the grass
- A slimy snail in a dark, damp spot
- A butterfly in the sunshine

Make an animal or forest out of Lego

Can you make a scene, like a wood or a giant tree? Or could you build some different animals?

Butterfly Art

Have a go at making your own symmetrical pattern.

Simply splodge paint on one half of your paper and fold it in half so the paint spreads on both sides. Carefully open it to reveal a butterfly.

Once it has dried use it to decorate your home or make it into a card to send to someone.

Have a picnic in your garden or on your living room floor

Make one of your mealtimes as an adventure having a picnic in your back garden or in your home. Set the picnic rug or mat with plates and the food you are going to be eating and sharing.

Wriggle and dance like a minibeast

Can you...

*Lie on the ground and wriggle like a worm

*Flap your arms like a butterfly flutters its wings

*Put your hands on the floor and scuttle about like a spider

*Do some giant leaps like a cricket

*Crawl on the floor and then curl up into a ball like a woodlouse

Over the last few weeks there have been different whole school tasks you can join in with. If you haven't done any of these yet and you wish to join these were:

- Making a flower for a display in our KSI garden
- Making a lockdown family handprint
- Decorating a stone to be put in our school hope garden

Please remember all the work I set on here is to help you at home, complete what you can and what works for your family. I fully appreciate many of you are trying to work from home, and may have more than one children that you are being teacher too! If you are struggling to complete any of the tasks try to just stick to these basics:

- name writing and letter formation
- watching RWI live phonics on youtube
- counting videos and number formation

I hope you all have a lovely week.

Best Wishes

Mrs Chantler
