

Reception parents,

I hope you are all doing well and you had a great Easter; I am missing all the children's lovely smiley faces. It is so nice though to see pictures of what you are up to and some of the activities you have completed. If you haven't done these already look on the home learning page on the school website.

At this difficult time we are seeing lots of acts of kindness and people caring for one another. Are you joining in with the clapping for all the doctors, nurses and people working for the NHS each Thursday?

So many people are working hard to care for each other, keep food in our shops and delivering items. People are working together to make a difference.

I wanted to share this quote with you.....

Like the rainbows we made let's make some different flower crafts to remind us how we are all unique but we together we can do great things and be beautiful!

We're all in this together.

Here are some flower craft ideas.....

Hold onto your flowers and when we are back at school bring them in and we will make a display of them.

Stay at home, stay safe and look after each other.

Best Wishes,

Mrs Chantler
