

Reception parents,

My quote and activity this week has a musical theme!

You may have already seen on the home learning page on our school website a link to the song Lift Up Your Voice. If you haven't already, have a go at learning it. We are going to sing it altogether when we return to school.

Use this link to get access to a backing track and the words to learn the song 'Lift Up Your Voice' When we return to school we will all come together to perform it. Happy singing ©

Well done to Cindy, Henry W and Finley-Joe who have completed the making your own music activity on Purple Mash - we have had some groovy tunes!

In our Music lessons at school we have been learning key words such as pulse, tempo and rhythm. Why not listen to a piece of music can you describe its tempo? Is it slow or fast? Use your hands to tap the pulse on your knees or shoulders, keep in time with the music, and remember you are the heartbeat! Finally, why not make your own musical instrument and shake or bang some rhythms.

Have lots of fun!

Mrs Chantler

Shout out to... Connie, Noah, Nancy, Isabella and Finley-Joe for photographs you've sent me of your home learning. You are doing some fantastic work! Here's some of the things they

have been up to....

Isabella's Under the Sea Art

Connie's Rainbow

Noah's drawing

Finley-Joe's Maths
