

Reception parents,

If you haven't already seen on our website there is a special message for you and your children. Here is an extra hello from us both....

I saw this quote and thought of all our lovely Reception children!

Some ideas for extra things to do this week...

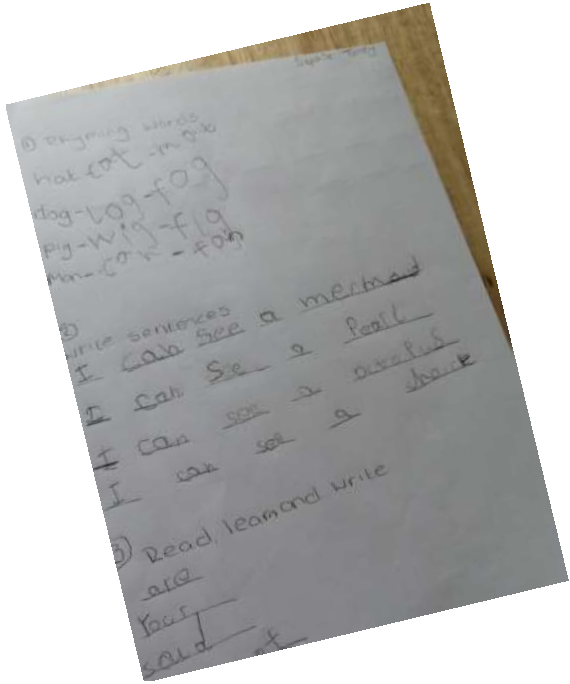

- Why not have a go at drawing or painting a portrait of yourself.
- 2 stars and a wish - write or draw two things you are really good at and 1 thing you would like to get better at. My wish is to get better at drawing!
- Call someone with the help of a grown up, or tell someone in your home why you think they are amazing, I'm sure you will make them smile!

It has been lovely to chat to some of you on the phone this week or over email. I am enjoying hearing about how you are getting on at home and seeing pictures of some of your projects. Shout out to Jessica for her work on Purple Mash this week and to Noah for his super-fast Maths skills! Sophie, Finley-Joe and Alan have been working hard too. Here are just some pictures of what they have been doing...

Noah's Maths

Sophie's writing and Under the Sea picture

Alan has been gardening!

Finley-Joe has enjoyed getting messy and making things.

Any pictures you send me (echantler@lit-bloxwich.walsall.sch.uk) I will print out and stick in your child's Learning Journey in school.

Birthday's that have been celebrated this month: Sophie and Jessica. We hope you had lovely days. Your birthday cards, stickers and pencils are waiting for you at school.

With best wishes,

Mrs Chantler
