

Year 3 class letter week beginning 27th April

Dear Year 3 children, parents and carers,

I hope you are safe, well and have enjoyed the lovely weather and all the fun of Easter!

If you have completed any of the work set on our school website or any other work I would love to see it.

Thank you to Alfie, Layla and Maddison who have been in touch recently.

You can email it to me on

cperks@lit-bloxwich.walsall.sch.uk

For this week I have set the usual 5 a Day maths work and a new writing project. There are also a few extra fun pieces of work linked to our new Discovery Quest Topic: How has Cadbury's changed the world?

There is also a free online science lesson on our new topic of plants (there are links to help you find it).

Please keep reading and practising your times tables. Well done to those of you who are working hard to improve on ttrackstars. Well done to Kevin who is currently in first place, Lewis who is second and Billy who is in third place overall in Year 3.

Wishing you a good week.

Stay safe, stay inside and I'll see you soon.

Best wishes

Mrs. Perks
