Remember to look at your notifications on Purple Mash. I am commenting on your work, you are all really improving your ICT skills.

Here is some more Discovery Quest work I have been sent. You are all presenting your work differently, which is lovely.

Ruby presented her facts as a game!

Hope you are enjoying 'Traction Man' for your English tasks. We would have been doing this text in class.

Don't forget to keep an eye out on my Youtube channel. I've uploaded another story for you. It's one of my favourites; I know you will all be joining in with the words at home, like you do in class,
